To Whom It May Concern,

It is with much enthusiasm that I am writing to recommend the services of Zamorins Solutions.

Zamorins is a software development company that offers smart solutions to public and private organizations. Zamorins works to empower their clients with the creation of app-based applications with real world results.

Zamorins created an app called ParkZapp, a cutting-edge inspection app for public playground owners and operators. ParkZapp helps Certified Playground Safety Inspectors conduct paperless park and playground inspections and audits with user-friendly dashboards. As an inspector of public parks and playgrounds I can honestly state that ParkZapp has become a valuable tool in keeping the parks and playgrounds of Rolling Meadows a safe place for all of our patrons.

I'm happy to recommend the services of Zamorins Solutions! They truly care about the needs of their clients and are always willing to go the extra mile. If you have any questions, please feel free to contact me.

Respectfully,

Brian McKenna CPRP, CPSI
Superintendent of Parks
Rolling Meadows Park District
